DETAILED ACTION

Allowable Subject Matter

1. Claims 1-12, 14-53 and 55-64 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fail to teach a laminate of the present invention that comprises two plies, each of them comprising a web of fibers and a film covering; and the plies are adhered to each other by an adhesive by the sides containing the film covering of the plies. The prior art of HOFFMAN (WO 03/099548), while teaching a similar structure in Figure 3, fails to have the plies bonded (adhered) by the film covering side. Instead the plies are bonded by the side of the web.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
